EURORICAMBI
EARTHMOVING PARTS

 **Euroricambi**

Your Mining Parts Specialists

CEP is a proud supplier of Euroricambi, a leading manufacturer of high-quality Italian spare parts. Our parts are crafted with precision in Italy, produced from start to finish in state-of-the-art factories equipped with the latest cutting-edge technology for gear production.

THE TRUSTED CHOICE FOR HEAVY MACHINERY SPARE PARTS

At CEP, we're proud to be a leading distributor of Euroricambi, a renowned Italian manufacturer of high-quality spare parts for construction and mining machinery.

Established in 1979, Euroricambi has built a reputation for excellence over nearly four decades. They specialize in the production of non-genuine parts specifically designed to be compatible with major brands in heavy automotive applications, including transmissions, gearboxes, differentials, and final drives.

Their impressive portfolio boasts over 9,000 items, primarily focused on Made in Italy components like gears, shafts, synchronizers, crown wheels, pinions, and complete differential units for trucks, buses, and earthmoving machines. Importantly, their Caterpillar and Volvo CE-compatible lines have seen a remarkable 30% annual growth, highlighting their dedication to these popular platforms.

MADE IN ITALY
SINCE 1979

WHAT SETS EURORICAMBI® APART?

UNWAVERING ITALIAN QUALITY: Production takes place entirely within their own facilities, ensuring strict adherence to the rigorous UNI EN ISO 9001:2008 quality standards.

TECHNOLOGICAL INNOVATION: Euroricambi utilizes the latest generation of CNC machines to achieve OEM-equivalent quality in their parts.

EXCEPTIONAL AVAILABILITY: With a 95% average fill rate and a massive 14,600sqm warehouse, Euroricambi prioritizes readily available stock to meet your needs.

GLOBAL REACH: From their central warehouse in Bologna, Italy, Euroricambi delivers over 609 tons of parts monthly to a network spanning 104 countries worldwide.

CONSTANT INNOVATION: Their dedication to product development is evident in the impressive rate of 600 new items added to their range every year.

For a comprehensive overview of Euroricambi's capabilities, visit our website at www.capiarts.co.za By partnering with Euroricambi through CEP, you gain access to premium Italian-made parts and exceptional service.

MADE IN ITALY
SINCE 1979

Euroricambi's workshops represent state of the art technology for the manufacturing of superior quality products used in final drives, differentials and transmissions. Euroricambi® is the only true viable alternative to original parts.

1.830 QUALITY TESTS PER MONTH

Geometrical surface scanning in accordance with the requested characteristics

SAME OEM STEEL

Same quality

WHY CHOOSE A EURORICAMBI® PRODUCT?

- + Same technological and qualitative specifications of OEM products
- + Higher performance steel
- + Precision profiles and geometries in every detail
- + Efficiency that lasts over time
- + 1830 quality controls carried out each month
- + ID code branding integrated hologram on the label to certify product authenticity
