CUSTOMIZED PACKAGING

KÜHNER IN NUMBERS

NUMBERS THAT SPEAK OF RELIABILITY

Years of experience in the industry, a wide variety of products and a solid, efficient international network are our foundation and the best guarantee for our customers.

E-COMMERCE

ORDER IN ONE CLICK

A dedicated platform with KÜHNER part number search and real-time availability across all branches.

FAST RESEARCH

REAL TIME STOCK

SIMPLE AND FAST ORDER

EXCEPTIONAL **SERVICE**

BUILT AROUND THE WAY YOU WORK

Search by part number or by vehicle, or use your own custom references to find products instantly.

Manage backorders with confidence: check expected arrival dates and receive automatic notifications as soon as items are back in stock.

PERSONAL ACCOUNT **MANAGER**

WE HELP YOU IN EVERY LANGUAGE

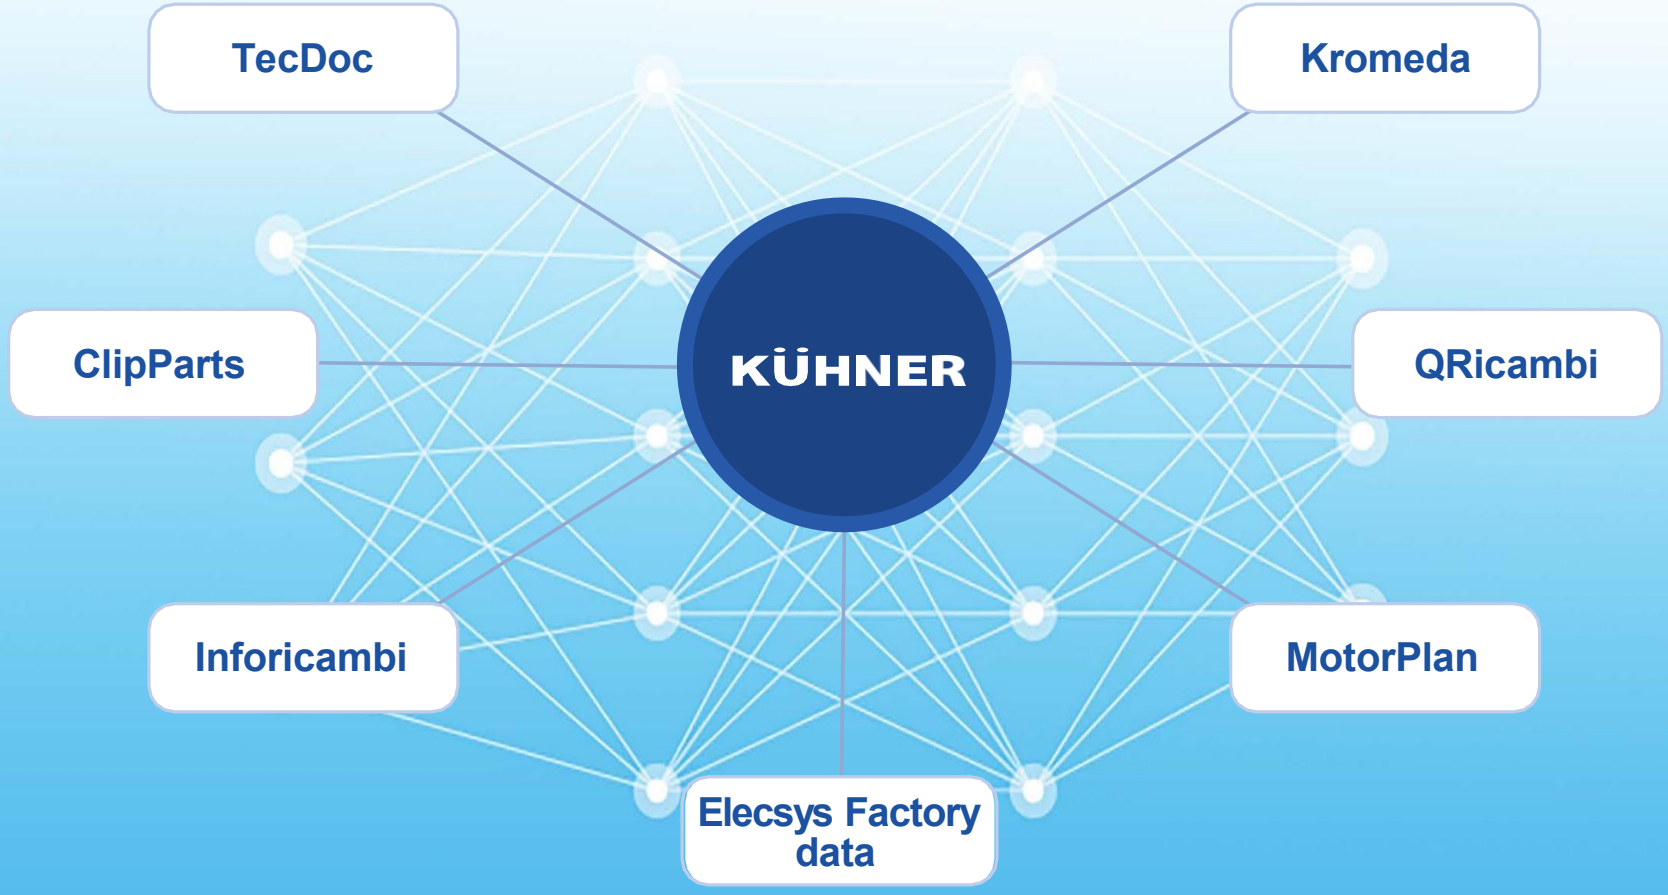

We are committed to providing excellent customer service. All our clients can count on a dedicated account manager to assist them in their native language, by phone, email, WhatsApp or any other convenient means.

FIND US **EVERYWHERE**

A TECDOC CERTIFIED DATA SUPPLIER

As a TecDoc-certified data supplier, KÜHNER makes its full catalogue available across the industry's leading platforms.
You can find all our products on TecDoc, Kromeda, InfoRicambi, ClipArts, QRicambi and MotorPlan always in a standardised, ready-to-integrate format.

CONNECTION IS THE **KEY**

WEB SERVICES API / YOUR SYSTEMS, CONNECTED TO OURS

Through our API you can request quotations and place orders that flow directly into our e-commerce platform.
Dedicated web services let you check real-time availability and pricing branch by branch, keeping your systems perfectly aligned with ours at every step.
We offer a standard API platform, plus dedicated APIs for the most common ERP systems in the automotive sector.

HUMAN EXPERIENCE.
ADVANCED TECHNOLOGY.

LOTS OF TECHNOLOGY AT OUR SERVICE.
Our customers are human beings: we know this well, and we start from here.
Decisions, evaluations, design and contacts are managed by people, supported by everything technology offers to create cutting-edge products.
This, we believe, is the perfect combination to deliver excellent products and the right support.
